Overview:

Our state-of-the-art malting plant meets the highest hygiene standards. The malting barley we use is sourced exclusively from Eastern Macedonia and Thrace and is a product of our contractual farming program that was introduced in 2006 and serves as the primary source of income for hundreds of families from our region.

Our plant produces top-quality malt from two-row spring barley varieties, cultivated in accordance with Agro 2.1, 2.2 integrated management system standards, under the most stringent international quality assurance standards (FSSC 22000).

We assure that the levels of heavy metals and mycotoxins in our products are below the limits permitted under Regulation (EC) No 1881/2006 and its amendments.
